

ARMA II

The latest military simulation game for PC DVD-ROM by Bohemia Interactive.

Arma 2
Bohemia Interactive

ARMA II is set in year 2009, in a fictional state of Chernarus, a post-Soviet country where civil war raged for over 2 painful years. As a leader of USMC Force Recon team, you are sent with your squad to prevent further civilian casualties and ensure ongoing stability in Chernarus.

ARMA II is based on the latest generation technology, offering a large-scale game world, authentic and extremely detailed modern units, weapons, vehicles and environments, challenging single player and a vast array of multiplayer options.

Features

- Lifelike combat simulation (bullet ballistic & deflection, material penetration, etc.)
- Story driven single player full of twists and surprises
- Resource management, RPG elements
- Advanced dynamic conversation system
- Unique AI combat system
- Over 50 weapons and drivable vehicles
- Multiplayer with large scale maps for 50+ live players
- Built in mission editor
